MY MEMORIES OF BILBOROUGH

The Welfare Support Officer, Maddy helped me massively throughout the 2 year duration. She gave me the motivation and determination to apply for university and also helped with family issues at home. Bilborough does its best for people to ensure they have a brighter future.

MY ADVICE TO YOU...

Don't think twice about coming. It is better than Sixth Form, flexible with more independence. You are treated like an adult and given trust to spend adequate time studying and bettering your own future.
