

DAVID GREGG
CLASS OF 2009–2011

WHERE AM I NOW?

I'm currently in 3rd year at Sheffield Medical School, and have just started my clinical years.

MY MEMORIES OF BILBOROUGH

Bilborough College made applying to university much easier. The extra-curricular activities I completed whilst there and the extra help given during my medical application gave me a big advantage in comparison to students.

WHY DID YOU CHOOSE IB?

I chose the IB because I thought it'd give me the best chance to get into university and be successful whilst I was there

WHAT DO YOU FEEL YOU GAINED FROM THE IB PROGRAMME THAT HAS HELPED YOU IN YOUR STUDIES/CAREER AFTER BILBOROUGH?

The range of skills the IB forces you to develop (presenting, critical thinking, essay writing) as well as the intensive academic nature has been the perfect mix of skills for university.

WHAT ADVICE WOULD YOU GIVE TO STUDENTS UNSURE OF WHETHER TO CHOOSE IB OR A-LEVELS?

If you think you can cope with the workload, go for the IB. You get a broader knowledge base, give yourself more options and gain more skills than you would doing A-levels. The IB is hard-work and takes a lot of time, but it really is worth it.
