MY MEMORIES OF BILBOROUGH

Bilborough College helped me become the person I am today, not only in my achievements, but how I feel as a person and for that I will always be grateful. I would go as far as to say that if I hadn't attended Bilborough that my life would be vastly different than it is now.

MY ADVICE TO YOU...

I would say go for it. It is not only the academic quality that Bilborough College consistently brings out of its students, but there is a real opportunity to meet a load of new people that will be your friends for life.
