WHERE I WENT AFTER BILBOROUGH

I took a gap year, working for six months to save money and then embarked on a world-trip on my own for four months which was an amazing experience. The following autumn I went to Manchester University to study Drama with English Literature and received a 1st Class BA Hons.

MY MEMORIES OF BILBOROUGH

I didn't study drama at GCSE and originally started my A-Level doing physics not Theatre Studies, but I am so grateful that at Bilborough I decided to change and follow my heart. The support I received at Bilborough and the opportunity to write and act in my first plays there were the real foundation that has led me to now be able to live my life doing what I love.
