

# **Bilborough College**

## **Meet the Governors**

### **Governor Profile**

#### **Dr Andrew J. Durrant** **Independent Member**

Andrew has over 15 years of educational governing experience with particular skills in IT provision, premises and finance, as well as holding senior management to account. Andrew is also a trustee the board of a large school academy with over 10,000 students, a trustee of a charity for a local historical country park and an Entrepreneur in Residence at the University of Nottingham.

Andrew's primary interest in education is to ensure that it's both high quality and inclusive. Andrew's dyslexia means he didn't find studying easy, and understands that not all subjects suit all students and some students need additional support to fulfil their potential.

Andrew studied electronics at Sheffield University, before moving to Nottingham to do a PhD in automotive engineering. After leaving university, Andrew set up his own technology business which he continues to manage, with a head office in Nottingham and bases in Sri Lanka and the USA.
