

Welcome to the Bilborough Esports Department

Get ready for success in Esports by completing a series of tasks before starting the course in September!

We will check evidence of the completion of these tasks in our first lessons and we will be relying on you to have this knowledge so that you can take part in the starting lessons.

PART 1: Researching the History of Esports in the UK

You will need to start by doing some research around the Esports Industry that is the backbone of this entire course.

Use the links below or do your own research to find answers to the questions below:

<https://esportsinsider.com/2023/05/esports-around-the-world-united-kingdom>

<https://britishesports.org/>

<https://esports-news.co.uk/2022/06/27/how-is-esports-developing-in-the-uk/>

Answer the following questions in the space below:

1. Who are the British Esports Association?
2. Provide 3 facts about any official British Esports Team.
3. Provide 3 facts about any official UK based Esports tournaments.
4. Provide 3 facts about the growth of Esports in the UK.
5. Provide 3 facts about how Esports is growing worldwide.

PART 2: A Report On Your Favourite Competitive Game

Insert textboxes and fill in the spaces on the table below for a Player vs. Player (PvP) game of your choice.

Title (Year) of Your Chosen Game	
What Platforms is it Available on?	
What Genre of Game is it? Is there a Esport Competition For it?	
What Reviews Does it have? (Google, Steam, PlayStation Store, Xbox Store, IGN, Metacritic etc.)	
What do You Like/Dislike About This Game?	

PART 3: How Does Esports Prepare You For The World After College?

This BTEC course is designed in a way to mimic the real-world workplace environment through working to deadlines and being proficient in using Word, PowerPoint, Digital Editing and more.

This task requires you to research a job related to the skills gained in Esports and answer the questions below.

Here are some suggestions of jobs/degrees that you could directly access with a BTEC in Esports, but feel free to research your own if you have one in mind:

- Team Coach
- Events Organiser
- Shoutcaster and Presenter
- Social Media Influencer
- Video Production Editor
- Photographer
- Data Analyst.
- Esports Player
- Streamer/YouTuber

Questions to answer once you have found an Esports related career:

1. What is the average salary of that profession?
2. What skills are required to do that job that link to Esports?
3. Do you need university qualifications, or can you go into it straight from College?
4. Has this job seen any growth in the UK in the last 10 years?
5. Where in the world is this job seeing high demand?
