

**Y12**

**Spring Break:** Friday 29<sup>th</sup> March - Monday 15<sup>th</sup> April

**Y12 Assessment Week:** 22<sup>nd</sup> April – 25<sup>th</sup> April

**Y12 Consultation Evenings:** 18<sup>th</sup> June and 3<sup>rd</sup> July

**Last Day of teaching for Y12 :** Thursday 11 July

**Spring Break**

Please remember you should continue to access your progress on the CEDAR platform. This provides details of your 'On Course to Achieve' OCTA grade for each subject and your attendance. Updated OCTA grades are available now.

A few important things to remember:

- College premises are open 9 – 4pm over the Spring break, except for the bank holidays.
- Spend an equal amount of time reviewing all your subjects. Don't avoid the subject that you like least or prioritise the one which sets the most work or has the most tests. All your grades are important.
- Prioritise key revision areas – don't waste time going over areas that you can already do but focus on your own personal development needs.
- Make sure you prioritise good quality sleep. For your brain to function at its best, sleep is vitally important, and this means establishing good routines, avoiding screens in the hour before sleep and not getting over-anxious and stressed. Build in some relaxation time!

**Y12 assessment week**

From Monday 22<sup>nd</sup> April until lunchtime Thursday 25<sup>th</sup> April, there will be a timetable change for all students. Some subjects will be running longer assessments.

[Adapt - free Revision Timetable App for A-level & GCSE](#)

Adapt is a free revision timetable app for your A-level & GCSE revision that plans for you. The study planner is available on the App Store & Google Play Store. It's free and breaks down your specific exam board subject into topics to revise. You can set your number of sessions per day and what days you are going to do work...

**Futures Week: 24<sup>th</sup> – 28<sup>th</sup> June 2024**

We are planning Futures Week for our Y12 students during w/c 24th June and would like to offer our students even more opportunities to learn about different careers and pathways than last year's WREP Week! To do this, we need your help. Do you know someone working in a role our students might be interested in? Would they be keen to talk to students? Perhaps you know someone working in recruitment or early careers, who is expert in employability?
